TTPD OFFICERS COMPLETE ABLE TRAINING

The Temple Terrace Police Department is proud to announce that 52 City law enforcement officers have completed Active Bystandership for Law Enforcement (ABLE) training. Last year, TTPD was honored to be one of the agencies accepted into the ABLE Project, Georgetown Law's national training and support initiative for U.S. law enforcement agencies committed to building a culture of peer intervention that prevents harm.

Four Temple Terrace Police instructors – two officers and two supervisors - obtained certification as ABLE trainers, and, over the past few months, were responsible for delivering the eight hours of evidence-based active bystandership training. The training was designed not only to prevent harm, but to change the culture of policing. Officers will receive a two hour refresher course each year.

Backed by prominent civil rights and law enforcement leaders, the evidence-based, field-tested ABLE Project was developed by Georgetown Law's Innovative Policing Program in collaboration with global law firm Sheppard Mullin LLP to provide practical active bystandership strategies and tactics to law enforcement officers to prevent misconduct, reduce officer mistakes and promote health and wellness.

The ABLE Project is guided by a Board of Advisors comprised of civil rights, social justice and law enforcement leaders. More info about the program can be found here: <https://www.law.georgetown.edu/.../active-bystandership.../>

MASK UP

In light of the recent surge of individuals contracting COVID-19, effective immediately, all staff and members of the public entering City buildings including City Hall, the Family Recreation Complex, Public Works, Omar K Lightfoot Center and the Public Library are required to have their temperatures checked and to wear a mask.

City facilities will be cleaned and sanitized regularly to further mitigate any spread of the virus. All are encouraged to wash hands frequently and avail themselves to hand sanitizer from dispensers placed throughout the buildings. Social distancing is encouraged. Individuals who are experiencing symptoms of the virus are requested to stay home.

Reporter David Espinosa Hall at WFLA helped us get the word out with a story that aired on News Channel 8 last Friday. See it here: <https://www.wfla.com/news/hillsborough-county/temple-terrace-officials-enact-mask-requirement-temperature-checks-at-all-city-buildings/>

MOSQUITO FISH GIVE-AWAY

Hillsborough County's mosquito fish give away is back! Mosquito Management Services will give away free mosquito fish to residents to help reduce backyard mosquito breeding. The fish are an effective, natural way for residents to control the spread of mosquito-borne disease.

Things to know about the event:

- Due to COVID-19 social distancing protocols, the event will be drive-thru only.
- To receive fish, you need a photo ID showing you live in Hillsborough County.
