Chapter 713—F.S.

Notice of Commencement

WARNING TO OWNERS: Your failure to record a NOTICE OF COMMENCEMENT may result in your paying twice for improvements to your property. If you intend to obtain financing, consult your lender or an attorney before recording your NOTICE OF COMMENCEMENT. If a direct contract is greater than \$7,500, the applicant shall file with the issuing authority, prior to the first inspection, either a certified copy of the recorded NOTICE OF COMMENCEMENT or a notarized statement that the NOTICE OF COMMENCEMENT has been filed for recording, along with a copy thereof.

Chapter 553.79—F.S.

Additional Permits Required

NOTICE TO APPLICANT: In addition to this permit, there may be additional restrictions applicable to this property that may be found in public records of this county and there may be additional permits required from other governmental entities such as water management districts, state agencies or federal agencies.

APPLICANT INITIALS:

Chapter 105.4.1—FBC

Conditions of the Permit

A permit issued shall be construed to be a license to proceed with the work and not as authority to violate, cancel, alter or set aside any of the provisions of technical codes, nor shall issuance of a permit prevent the building official from thereafter requiring a correction of errors in plans, construction or violation of this code. Every permit issued shall become invalid unless the work authorized by such permit is commenced within six months after its issuance, or if the work authorized by such permit is suspended or abandoned for a period of six months after the time the work is commenced.

Chapter 837.06—F.S.

False Official Statements

Whoever knowingly makes a false statement in writing with the intent to mislead a public servant in the performance of his or her official duty shall be guilty of a misdemeanor of the second degree, punishable as provided for in s.775.02 or s.775.083

APPLICANT INITIALS:

Chapter 13-607.1.ABC.3.1.1—FBC

Equipment covered under the Federal Energy Policy Act of 1992 (EPACT) shall comply with U.S. Department of Energy certification requirements. For other equipment, if a certification program exists for a product covered in Tables 13-607.ABC.3.2A through 13-607.ABC.3.2D, and it includes provisions for verification and challenge of equipment efficiency ratings, then the product shall be either listed in the certification program or, alternatively, the ratings shall be verified by an independent laboratory test report. If no certification program exists for a product covered in Tables 13-607.ABC.3.2A through 13-607.ABC.3.2D, the equipment efficiency ratings shall be supported by data furnished by the manufacturer. Where components, such as indoor or outdoor coils, from different manufacturers are used, a Florida-registered engineer shall specify component efficiencies whose combined efficiency meets the minimum equipment efficiency requirements in Section 13-607.ABC.3.2.
