The City of Temple Terrace hereby issues the organization listed below a burn permit in accordance with the following provisions:

1. The fire must be in accordance with one of the following guidelines:
 - a. Built within the confines of a portable container.
 - b. Built within the confines of a pit. This pit must be dug 18" deep.
 - c. Built within the confines of a temporary holding area. This holding area must prevent the fire from spreading.
2. Burning material must consist of vegetation only. The burning of junk, trash, garbage, construction or demolition debris (excluding wood), rubber, oils or greases, paints, solvents, or any material other than vegetation is strictly prohibited.
3. A water source, such as a garden hose, must be available in the area of the burn.
4. There shall be no burning during any directional winds exceeding 15 MPH.
5. The fire must be over 50 feet from all structures and not under any trees.
6. All materials to be burned shall be adequately dried as to not produce excessive smoke, soot, odor or visible emissions and shall consist only of naturally occurring vegetation.
7. Supplementary fuel shall not be used to burn materials.
8. The burning shall be under the supervision of a competent person, who shall have at his/her disposal the means to quickly extinguish the burning material. Failure to provide such continual supervision will result in immediate revocation of the open burning permit.
9. Upon evidence of violation of any one of the above conditions, this burning permit may be immediately suspended or revoked. Burning pursuant to this authorization constitutes the applicant's acceptance of this condition.
10. This written authorization will be available on site during the period of the burning.
