Experienced staff at Aquatic Club of Temple Terrace (ACTT) knows how to put the "Fun" in Fundamentals! Our program is technique-based to ensure that each swimmer has a better understanding of the fundamentals of swimming and can develop within the sport properly. We take the time to teach rather than to train so that your child will grow with the sport, and that makes a big difference, long term. ACTT offers four 1-hour classes each week Monday-Thursday 9am-10am or 5pm—6pm. Competitions are held every Tuesday; locations will vary. See you soon!
